COMMENTS FROM THE TOWN MANAGER'S OFFICE

The state has authorized the Central Maine Power Company to install the three street lights on the new bridge. The state wanted the town to pay for the lights but the selectmen refused. The subject of lighting the bridge was not discussed at the meeting held with the state highway department last spring and the selectmen didn't feel that the town should pay the bill when the bridge was finished. The town has replaced the street lights that were taken down when the bridge was started and that seemed to be the limit of town obligation.

A total of \$144,388.53 or 60% of the 1962 taxes had been paid through Dec. 10, 1962. The total for 1961 was \$115,975.00 or 61% of the 1961 taxes was paid through Dec. 11, 1961. There has been about \$28,000.00 more paid to date this year but it is about the same percentage of the total tax due.

The highway crew has completed all of the preparations for winter. About 1000 feet of snow fence has been put up and 1200 yards of salted sand stockpiled. The plow frames have been installed on four trucks and other necessary repairs have been made.

The night police officer has reported that the warning notices placed on cars parked all night on the streets have worked well and that streets are free of parked cars after 11:00 p. m.

COSMOPOLITAN ASSOCIATES CLUB MEETS AT DIXFIELD

The Rumford branch of the Cosmopolitan Associates met Sunday, at the Social Building, Dixfield, with 23 members present. Three new members were welcomed into the group, Mrs. Elizabeth Gaul, Mrs. Emma Peters and Mrs. Sumiko Whitehouse. Mrs. Yvonne Phillippe, Rouen, France, the mother of Mrs. Monique Rolfe, Bethel, was a guest for the evening. Final plans were made for a Christmas party to be held Saturday. The party will be held at the Hotel Rumford at 8 p. m.

A social evening was enjoyed and a buffet luncheon was served by hostesses Billy Smith, Olga Sinclair, Elizabeth Chase, Margaret Dodge and Sonia Weston.

The next meeting will be held on Jan. 13 with color slides of England to be shown.

TWO MILE CONSTRUCTION PLANNED IN LOVELL

The State Highway Commission will open bids December 26, 1962 for an Interstate project in Palmyra and a highway construction project in Lovell.

The project in Lovell continues the modernization of Route 5 from a point about a mile and a half north of the Center Lovell Post Office, at the end of a recently completed project, and extending northerly a little less than 2 miles. The first half of the project follows the line of the existing highway; along the last half of the project, from the junction with the Slab City Road to the end of the section, there are three short relocations of the highway to eliminate hazardous curves and grades. The completed highway will have a 20-foot bituminous concrete pavement and 4-foot gravel shoulders.

CHRISTMAS BASKETS

Please bring food basket offerings to church or Sunday School this Sunday. All donations are appreciated and will fill the many baskets to be delivered to this area by the Bethel Health and Service Council. The 4-H girls with Mrs. Lawrence Bailey have decorated the baskets at Thanksgiving and Christmas time.

Also, please leave clothing donations, toys, and boxes at the Dana C. Douglass shed or barn by Monday, Dec. 17th, or at Mrs. Vance Richardson's. Toys are needed.

The cooperation given to the Health Council by the Bethel citizens makes this effort a rewarding one.

DECEMBER SAFETY THEME—BE EXTRA ALERT IN BAD WEATHER

The Maine Highway Safety Committee reports that pedestrian deaths are generally at their peak in December.

Longer hours of darkness, coupled with increased pedestrian activity during the holiday season, contribute to the higher December toll.

The Committee urges pedestrians to allow themselves more time to cross slippery streets, and to remember that cars require more braking time during bad weather. Also remember to carry Christmas packages in a way which does not obscure vision.

NOTE! "Be Extra Alert in Bad Weather" is the safety theme for December which is being emphasized by elementary schools.

The Couples Club of the Methodist Church met at the Church, Saturday evening. A pot luck supper was enjoyed and Christmas tree and exchange of gifts followed. Those attending were Mr. and Mrs. Randall Stevens, Mr. and Mrs. John Greenleaf, Mr. and Mrs. Earl Davis, Mr. and Mrs. Paul King, Mr. and Mrs. Robert Keniston, Mr. and Mrs. Robert Clemons, Mr. and Mrs. Norman Dock and Rev. and Mrs. Richard Hamilton.

The total registration for 1962 was 4,148, or slightly higher than the 1961 registration of 4,069.

Maine residents far outnumbered hunters from other states, with 2,048 registered. New Hampshire with 732, Massachusetts with 666, and Connecticut with 281 hunters were also heavily represented.

Road Bypasses Albany Town House Turn

Completion of a state aid road project, except for the final surfacing, at Albany Town House, has resulted in the elimination of a confusing intersection. A relocation from the approach from Songon Pond (Route 5) to a point near the one-time Charles Beckler farm home has been made, at the rear of the house near the corner. Construction from the former junction to the curved road

location results in easy access from the West Greenwood (Route 35) and Hunt's Hill roads.

Construction of the new road was in charge of Roland Annis Jr. of Bethel. The 1300 feet of approach from Songon Pond (Route 5) to a point near the one-time Charles Beckler farm home has been made, at the rear of the house near the corner. Construction from the former junction to the curved road

THOUSANDS USE BROWN COMPANY WOODS ROADS DURING HUNTING SEASON

More than 4,000 hunters registered at entrances to six major truck roads leading into Brown Company woodlands in Maine and New Hampshire during the 1962 hunting season, the Company reported this week.

With registration of hunters, purely voluntary except at the entrance to the Parmachenee truck road, a Company representative estimated that the actual number entering Company land on these roads might easily have been double or triple the number who took the trouble to register.

As in 1961 when the Company's private roads were first opened to the public, the heaviest registration was at Parmachenee. Other registration books were placed at entrances to the Lincoln Pond and Tim Pond areas in northwestern Maine, the Swift Diamond country of northern New Hampshire, and the Teakettle Ridge and Bog Brook woodlands along the Androscoggin River.

The total registration for 1962 was 4,148, or slightly higher than the 1961 registration of 4,069.

Maine residents far outnumbered hunters from other states, with 2,048 registered. New Hampshire with 732, Massachusetts with 666, and Connecticut with 281 hunters were also heavily represented.

Gossip: Aimless prattling, fact or fiction

Power of the Spoken Word

(Gossip—Good and Bad)
by Charlene Hegsted

I spun a tale to a friend today
That wasn't mine to be spinning—
But I only told a friend of mine
Can't see as I really was sinning.

We neither really knew the folks in the
tale except to smile or nod to—
So what did it matter we hacked up their
lives, can you think of anything more fun to do?

My friend told a friend and her friend two
friends and my little tale was spilled—
It traveled from tongue to ear all day
with a speed of a cat on the kill.

Later that day as I thought of a way
to keep my child on the straight and narrow—
the telephone rang with one heck of a clang
was my friend making her daily herald.

Said she just couldn't wait to tell me
what she had just heard from a friend of theirs,
And the tale that she told made my heart grow cold
'Twas much worse than my little smears.

I had to know where she had gotten it from
so I started to quiz her at length.
It had come from a friend of a friend of a
friend, was my little tale all grown in strength.

They had added, subtracted, multiplied and
divided to make my little tale really worth hearing—
Until the spinner, (that's me), couldn't even see—
'Twas the same tale she had no business spinning.

Doesn't it amaze you what we Women and Men
will do and say in the name of Friendship?
If we'd spend half that time, improving our mind—
we might learn something besides gossip worth hearing.

Moral to my experience: With Friends? like Us—
Who needs Enemies.

20 SECONDS with the NAZARENE

Nearly 2000 years ago, God visited
our world, but "there was no room."
People were so busy and involved in
their own affairs that they extended no
welcome and gave no room to this Son
of God, the Saviour of men.

Still He comes with hope, promise,
and salvation—is there is any room?

(Quotation from Luke 2:7)

Rev. Patnode
Bethel Church of
the NazareneLETTERS TO
THE EDITOR

Dear Mr. Editor,

I am hoping that a letter to
you might bring out some in-
formation that will shed some
light on an interesting mystery,
and incidentally add another
paragraph to Bethel's history.

I was talking to a couple of
Bethel citizens recently, about
the unique birdseye map of
Bethel acquired by the West
Parish Cong'l Church when it
inherited the John and Hat-
tie Harris property.

Those who have seen the map
will remember that it is dated
1878, and drawn from the pos-
ition of a bird hovering high over
Paradise Hill, looking down
upon the whole town. Each
house is located with uncanny

accuracy of place and shape,
and of course, at a time when
some of our present streets did-
n't exist or were known by other
names. For example, Chap-
man Street was then called
Dutton St. Elm St. was named
Chapman St. and did not run
the whole way from Railroad
St. to Main St. Mason St. did-
n't exist, neither did Summer,
Kilborn, Tyler or Philbrook
Streets.

The original drawing was
done by one named T. M. Pow-
ler and the lithographing done
by a firm in Milwaukee, Wis.

Now the mystery raised by
our conversation was this. How
many of these original prints
are in existence in or around
Bethel? We could think of pos-
sibly four. Who was T. M. Pow-
ler? What was his purpose in
making the drawing in the first
place? Did someone hire him to
do it? A work like this would
seemingly be done in anticipa-
tion of a wide distribution. Why, then, are there not many

copies scattered all over Bethel?

Perhaps, Mr. Editor, some
reader somewhere might be
able to tell us how this inter-
esting map of Bethel came to
be, or who else may have origi-
nal prints.

TODAY'S Meditation

Read Romans 12:1-8

Be not conformed to this
world; but be ye transformed
by the renewing of your mind,
that ye may prove what is that
good, and acceptable, and per-
fect, will of God. (Romans 12:
2.)

The Apostle Paul was con-
vinced that men and women ev-
erywhere were in need of a
spiritual transformation. He
says again and again that the
gospel of Christ has the power
to work that transformation.
To receive this power he urges
them to open their minds and
hearts to Christ.

We of this century need to
be transformed. The gospel of
Jesus Christ is a gospel of pow-
er. It is a message of comfort
and strength for all who put
their trust in Christ. Believing,
we trust ourselves to His keep-
ing, and we are transformed by
His grace.

God has a plan for each of us
for the path of life along which
He points the way. We need to
study the Bible more, that we
may know Christ better and be
able to serve Him more faith-
fully.

The conviction of God's love
in Christ can keep our feet
from falling and our souls from
death.

PRAYER: Our Father God,
confronting the tasks of this
new day, we pray Thee to
give us courage and wisdom.
Help us to live and serve
that Thou mayest be glori-
fied. In the name of our Sav-
ior, who taught us to pray,
"Our Father who art in heav-
en... Amen."

Thought For The Day
Our acceptance of redemp-
tion through Christ requires re-

COUNTRY FLAVOR

WAITING FOR THE TRAIN

Small village depots are dis-
appearing. Branch lines do not
pay any cars and buses whisk
people from place to place on
cement and macadam arteries.
Half a century ago, branch
lines were important and the
village depot on a Saturday af-
ternoon was a popular spot. It
was always good news at Satur-
day dinner when Father said,
"Son, better hitch Belle to the
pump and get a few bags of
cottonseed meal this afternoon.
You can meet the train and get
the cream jugs."

Meat and boys gathered early.
The depot was warm from the
pot-bellied stove; men loosened
sheep-lined coats and relaxed
while they discussed politics,
roads, and the new school
teacher who did not get in until
ten o'clock last Saturday night
from her sleigh ride with that
sleek city drummer.

By and by, the train whistled
down the track at Johnson's
Crossing. Lads put an ear to the
rail and listened to the haunt-
ing song of the steel. Soon the
accommodation came around
the bend with bell clanging,
steam hissing and a brittle,
screaking scurrying of
freight on the track ground to a
stop.

Egg crates and milk jugs
were tossed to the four wheel-
ed station cart. Shouts of greet-
ing were exchanged with bag-
gage man, engineer, fireman
and conductor. Then with at-
tached blasts of steam and clang-
ing bell, the train pulled out
for Centerville Junction up the
valley.

A lad jogging home with
sleigh bells jingling and run-
ners squeaking on hard pack-
ed snow, heard the long, lone-
some-sounding whistle far up
in the valley. Many a boy rid-
ing home from meeting the
train has resolved that some-
day he would be on a train, rid-
ing away to life's high adven-
tures.

"A sewing circle is where
women come to needle others."
Muney (Ind.) Luminary.

"It's all pure falsehood that
the United States is the rich-
est nation on earth. We can't
even pay our day-by-day run-
ning expenses without borrow-
ing money. We must soon come
to common sense and realize
that our resources are limited
and we have no reserves, and
there are many, many things
which we can't afford, and
should not even attempt be-
cause of our financial and phys-
ical limitations."—Tole City,

OUTSTANDING FARMER AND SUPERVISOR OF OSD ON TRIP TO ARIZONA

Claire L. Thurston, North Norway and Norman H. Gray of Fryeburg left Maine Dec. 10 for a week's free trip to Arizona. This trip is awarded by the Goodyear Tire and Rubber Company to the outstanding Soil Conservation District in the state each year. Oxford County was chosen the Outstanding District in Maine for 1961-1962. The winning district sends one supervisor and the outstanding conservation farmer for that period. Claire Thurston was the outstanding farmer.

Gray and Thurston will fly

and flowers were given by the Bethel students and a musical jewelry box by Bryant Pond and Locke Mills students.

from Lewiston, to Boston and meet other winners of New England. This group will fly to Arizona and join the whole group from the fifty states.

The Goodyear experimental farm is located at Litchfield Park near Phoenix, Arizona. Litchfield Park is in the Salt River Valley of Arizona, one of the richest farming areas in the world. The one hundred supervisors and farmers making the trip will vacation in the heart of this agricultural paradise. Their headquarters will be the famous Wigwam Winter Hotel.

The entire purpose of the Goodyear Awards Program is to stimulate individual effort in Soil and Water Conservation.

Two tips to cut oil bills

1. Make sure attic ventilators and other heat leaks are closed off.
2. Use a heating oil that helps guard against deposit build-up in burner passages. In a clean, well adjusted burner, Shell Heating Oil can reduce fuel consumption significantly.

V. A. NEWS LETTER

More than \$1,692,000 in 1963 GI insurance dividends—including a special dividend of \$465,300 will be paid to Maine veterans in record time, according to Dr. Joseph S. Weltman, Director of VA's Togus Center.

Under a greatly speeded-up timetable, the entire payment of both regular and special dividend payments is expected to be completed during the month of January, 1963.

About \$1,125,700 of the \$1,692,000 is the regular 1963 dividend that will go to nearly 22,080 World War II veterans holding National Service Life Insurance (NSLI) policies.

More than 101,000 will go to 1,409 World War I veterans who hold U. S. Government Life Insurance (USGLI) policies.

Regular dividends, which are distributed annually, have regularly been paid on the anniversary date of the original issuance of the policy. On this occasion, the payment will be speeded up to be completed within the month of January. An accelerated method was used once before by the Veterans Administration when the regular dividends during 1961 were paid by mid-March of that year.

In addition to the regular dividend, the VA will pay a special dividend of \$465,300

during 1963 to all Maine World War II NSLI policyholders. A previous special dividend was paid to World War II policyholders during 1961.

The dividends which are paid to both World War I and World War II policyholders are primarily a return to the policyholders of part of their premium payments since the death rate among GI policyholders continues to be lower than the rate upon which the payments were established by law.

The special dividend will be paid from the contingency reserve fund due to the fact that study and current experience indicate that the fund is more than ample to meet the needs of the insurance program.

VA officials reminded veteran policyholders that the preparing and mailing of the dividend payment was automatic and required no correspondence from veterans or their families. In fact, such correspondence might delay the dividend disbursement process, they said.

BROWNIES

The third grade Brownies met at the Legion Rooms, Thursday, December 6. We decorated a box for Christmas toys which we will bring next week. We sang Christmas songs and we made Christmas decorations. The refreshments were served by the hostesses, Terry Roy and Cathy Vogt. Secretary, Dorene Lee Tibbets.

The Sunflowers met Thursday at the Legion Rooms with 15 members and two guests present. We made Christmas decorations and stenciled pictures on a basket which we are going to fill with toys to be given to needy children for Christmas. Judy Merrill served refreshments. Hostesses for next week will be Janine Merrill and Ann Marie Rofe. Brownies are reminded to bring toys for the Christmas basket to the next meeting.

Instead of having a Christmas party we will go Christmas caroling and then return to the Legion Rooms for refreshments. The meeting ended by singing Christmas carols.—Reporter, Cindy Kailey.

The Lilac Patrol of Brownies met December 6th at the Legion Hall.

Because so many Brownies were absent due to the dancing recital, this was an excused meeting.

We did not have a regular business meeting, but had a Christmas story while we ate refreshments.

Instead of a Christmas party, we decided that in the true spirit of Christmas, we would do for others. We will go caroling on December 20th. Also, each girl is to bring one gift (something in good condition which she thinks would bring happiness to another child) to give to the Health Council to give to needy children. We sang Christmas carols and had our closing exercises.

CARD OF THANKS

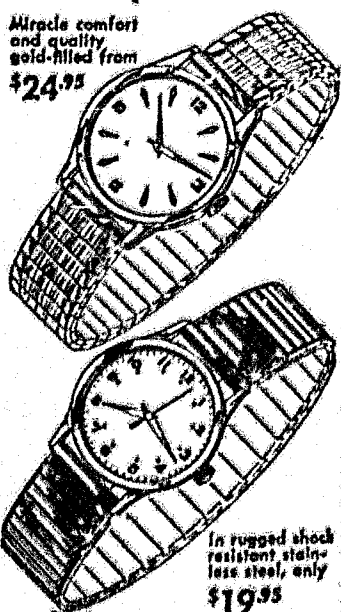

I wish to express my thanks to all my pupils from Bethel, Locke Mills, Bryant Pond and Newry for their lovely gifts and flowers. Also my sincere thanks to the many people who helped all along the way to put on "Babes in Toyland."

WORK HORSE INJURED; EQUIPMENT STOLEN; ON BROWN CO. LAND

One injured work horse, three stolen chain saws, and a number of chain binders taken from a Company truck, were reported by Brown Company at the conclusion of the second hunting season during which Company truck roads were opened to the public.

The horse, owned by Leo Pepin of Stratton, Maine, was creased on the skull by a high powered bullet fired by an unidentified hunter in a restricted area clearly marked as closed due to logging operations. The horse was knocked to the ground but recovered after a few minutes. Although nervous and nearly impossible to handle, it appeared to have only a slight head injury until Pepin tried to direct it with the usual voice commands.

The horse gave no sign of response to Pepin's voice. It had become totally deaf as a result of the bullet striking its skull.

Three chain saws, also property of cutters employed by the Brown Company, were taken from a cutting area where they had been left overnight, and the chain binders were taken from a Brown Company truck parked overnight in another area.

STATE POLICE SUGGEST ELIMINATION OF "WET" CHRISTMAS PARTY

Employers are urged by the Maine State Police, in cooperation with the New England Police Administrators, to free themselves of a burden of responsibility—the drinking driver, chief product of the "wet" Christmas party.

NESPAC—New England Police Administrators Conference—in an effort to reduce the traffic accident toll during the Christmas season, urges business, industrial and government members to dry up holiday parties or to eliminate them if necessary. Statistics show that many accidents occur during the early hours of the holiday, and that many of them can be traced back to the alcoholic punch bowl.

NESPAC pointed out that, while the employer is not legally responsible for employees after they leave the office or plant, that he is certainly morally responsible for mishaps occurring because of a company-sponsored party. They suggest that, if liquor is served, the employer should assume the responsibility of providing safe transportation home for each celebrant, such as by chartered bus or taxi cab. The same safety precaution is also urged for home holiday parties.

The attempt to eliminate the drinking driver danger on the highway is a major part of NESPAC's effort to reduce traffic accidents during the Christmas - New Year period. This special seasonal emphasis program cooperates with the National Safety Council's annual drive, emphasizing the theme, "Keep Christmas in Your Driving".

In addition to business and industry, religious leaders of all faiths, public officials, civic groups, and all traffic police are being urged to lend support in this united effort to reduce the usual upward trend of traffic crashes during the holiday season.

AGRIC. TRADES SHOW TO FEATURE FORMER MAINE APPLE PRINCESSES

The Maine apple queens of years past, 21 of them, have been invited to participate in the Pine Tree State's 22nd Annual Agricultural Trades Show at the Lewiston State Armory, Jan. 15-17.

The Maine Department of Agriculture said the Maine State Pomological Society and the Maine State Florists Association would join in a special program presenting the former apple queens on the afternoon of Wednesday, January 16. They will be used as models in a flower style show and as a court of honor for the selection of the 1963 apple queen from candidates sponsored by the Maine State Grange.

Thirteen acceptances have been secured thus far, the Department said. Included are: Mrs. Helen Robinson Cummings of Auburn, 1936 Apple Blossom Queen; Mrs. Esther Rowell McNamara of Winthrop, 1936 Ceres, or Harvest Queen; Mrs. Jane Ault Lindholm, 1937 Apple Blossom Queen.

Maine's Annual Agricultural Trades Show includes meetings of the Maine Dairymen's and Maine Vegetable Growers' Association on Tuesday, the Maine State Florists Association on Wednesday, the Maine State Pomological Society on Wednesday and Thursday, and the Maine Poultry Improvement Association on Thursday.

Paul J. Eastman, director of the Department's Division of Plant Industry, is general chairman of the show. Albion Goodwin, an assistant horticulturist, is floor manager.

The State Police, NESPAC, and the NSC join in reminding motorists:

"The Christmas season is the time when the practice of religious precepts should become most meaningful—a time of good will and brotherly love among all men, and the practice of these precepts should be as evident on our highways as it is in the home. The acceptance of individual moral responsibility, as evidenced by courtesy and sobriety behind the wheel will do much to make this the safest Christmas-New Year season on record."
